AMVAC REBATE PROGRAM Precision Planting for SmartBox® Equipment and Precision Planting vDrive® Granular Insecticide System

Here's How the Incentive Program Works:

A. For a Precision Planting grower who wants to purchase a Precision Planting Granular Insecticide vDrive® system with an AMVAC SmartBox® upper unit; AMVAC will rebate back to the grower, the maximum rebate up to or equal to the cost of a new complete equal-sized (same # of rows) SmartBox system from AMVAC. (See attached AMVAC SmartBox System cash price list.)

B. The Precision Dealer will order the necessary SmartBox parts from AMVAC along with the Precision Planting vDrive insecticide system. The Precision Planting dealer will bill the grower for all the equipment (SmartBox equipment and Precision Plant insecticide system).

C. The grower will sign/submit the Precision Planting SmartBox Equipment 2020 Rebate Registration form by April 30th, 2020. Grower would then be eligible to earn a rebate on the AMVAC Granular Soil Insecticide (GSI) products and IMPACT® herbicide purchased during next 3 years.

D. The grower will submit the invoice from the Precision Planting dealer for the SmartBox equipment and the Precision Planting vDrive granular insecticide equipment. Plus submit invoices for the AMVAC Ag products purchased from their Ag Chemical retailer between 8/1/19 and 6/30/20* for rebate in year one.

E. The rebate will be calculated by taking up to, but not to exceed, the cost of a complete, equal-sized (same # of rows) SmartBox system from AMVAC (Refer to paragraph A.). The total cost paid for the Precision Planting SmartBox system will be divided by 3. Each year (2020-'21-'22), the total rebate sum earned annually for qualified product purchases will be up to 1/3 of the total cost of equipment paid.

When the invoice for the Equipment is submitted year one, along with the invoice for the AMVAC Ag product(s) used, a check will be issued the following October for the sum up to that year's maximum (1/3 of the total original. See paragraph A.).

***And in each of the years 2021 and 2022**

Rebate amount is based on the incentive that was earned on the AMVAC Ag products purchased during the eligible dates each of the 3 years.
