

SUCCESS IN PRECISION

A successful season starts with Precision Planting®
and Monty's® high efficiency products

Precision
Planting®

It's all about efficiency & success!

Our goal is to make farmers more efficient and successful. How do we do that? We take the industry's leading, high-end planter equipment innovator, Precision Planting, and combine with Monty's highly efficient starter products for the most productive planting process in the industry!

Start with Precision Planting. Precision Planting uses a unique and innovative approach; retrofit the equipment you already own, to maximize its benefit to your farm. Their industry-leading equipment offers practical and effective precision ag technologies designed to improve your planting, liquid application, and harvest operations.

Finish with Monty's applied products. Monty's offers you high efficiency nutrient solutions – whether in-furrow starters, industry-leading humic-based soil conditioners, or foliar applied nutrient packages – you will see better root development, healthier plants, and ultimately higher yields!

Monty's unique products, Farmer First principles, and Precision Planting's industry-leading equipment, give you the most innovative, efficient, installed program for the best start and ultimately highest yield possible! Talk to your representative today!

“

"I use Monty's on my corn in row on the seed. I get better germination and more even seed emergence. Also better root growth and better root penetration. I have no mixing problems with anything."

PERRY GALLOWAY
NCGA HIGH YIELD GROWER

~ SEE BACK PAGE FOR INFORMATION ABOUT OUR 2020 PLANTER EQUIPMENT PROGRAM ~

Precision Planting, Monty's products, and the Planter Equipment Program mean the finest planter equipment and high efficiency nutrient solutions... a better start and higher yields!

The road to precision planting & higher yields is as easy as 1-2-3

1. Select the ideal Precision Planting equipment for your planter including FurrowJet®, vApplyHD®, and Conceal®.

Visit www.precisionplanting.com for more product information.

Conceal®

2. Coordinate the installation with your Monty's trusted advisor. A Precision Planting technician will professionally install the equipment, enabling you to plant right away.

3. Your Monty's rep will help you select the best products and programs for your crop.

The results? Even planting, healthier plants, higher yields... success you can see!

2020 Planter Equipment Cost Share Program

Monty's 2020 Planter Equipment Cost Share Program is just this easy: We will pay to set up your planter to apply Monty's products in the row, when you agree to purchase Monty's products throughout the next three seasons. This will allow you to enjoy the benefits of Monty's products from planting through harvest for the next three years!

PROGRAM AND PRODUCT HIGHLIGHTS*

1. Modify your equipment or purchase your row starter kit equipment for your planter between November 1, 2019 and April 30, 2020. Once you have purchased and installed the equipment, complete the back of this sheet and return it, along with a copy of the invoice for the equipment and installation, to Monty's Plant Food Company, 4800 Strawberry Lane, Louisville Kentucky 40209.
2. Monty's will reimburse you up to \$200.00 per row for the modification of your equipment or purchase and installation of a row starter kit.
3. Purchase: (a) Monty's starter (Premium Blend, 6-24-6, or 6-18-6), plus (b) any combination of Monty's® Liquid Carbon™, Microhance®, Nauxin™, K28™, Sulfur 15™, Agri-N™, Agri-Sweet™, Bio-Strain®, or Humi-Till®, for a period of three consecutive years in the amounts set out below. Talk to your representative today for more details.

6-row planters: (a) 300 ga of Monty's starter, plus (b) any combination of Monty's products totaling at least 400 ga.
6-row planter @ \$200.00/row = \$1,200.00

12-row planters: (a) 1,000 ga of Monty's starter, plus (b) any combination of Monty's products totaling at least 750 ga.
12-row planter @ \$200.00/row = \$2,400.00

16-row planters: (a) 1,500 ga of Monty's starter, plus (b) any combination of Monty's products totaling at least 900 ga.
16-row planter @ \$200.00/row = \$3,200

24-row planters: (a) 2,000 ga of Monty's starter plus (b) any combination of Monty's products totaling at least 1,300 ga.
24-row planter: @ \$200.00/ row = \$4,800

*See Monty's representative for more information. Please inquire regarding larger planters.
